**MEMORANDUM FOR SEE DISTRIBUTION**

**SUBJECT:** Notification of the Inspection of the Army's Sexual Assault Prevention and Response Program

1. Background. The Secretary of the Army directed The Inspector General to conduct an inspection of the Army's Sexual Assault Prevention and Response Program. The Secretary of the Army signed the Inspection Directive on 19 October 2005 (see encl).

2. Purpose. The purpose of the inspection is to determine if Army units and organizations (Active and Reserve Component) are effectively implementing the Army's Sexual Assault Prevention and Response Program at the unit, installation, Major Army Command, and Department of the Army levels. The inspection will also determine the effectiveness of Army policies and procedures in preventing, reporting, investigating, and responding to sexual assault.

3. Affected Commands/Organizations/Units: The inspection will involve the following Army units and organizations outside the Army Staff, both CONUS and OCONUS. Units and locations are subject to change based upon further refinement of the detailed inspection plan and operational requirements. Medical Treatment Facilities/Hospitals will likely be inspected at installations where the DAIG will inspect U.S. Army Garrisons and Active Component units. The DAIG team already scheduled to inspect units in Iraq and Afghanistan on another issue will gather information for this inspection while in theater.
